representing:

That pursuant to a Special Warrant issued on
the 7th of February, 1958, and Order in Council P.C. 1958-228
dated February 11, 1958, a financial agreement was entered
into between the Government of Canada and the Government of
India, pursuant to which Canada undertook to advance to India
by payment to the Canadian Wheat Board on India's behalf a
sum not exceeding \$25,000,000 to permit India to buy Canadian
wheat and flour, and India undertook to repay to Canada all
such advances with interest at the rate of $4\frac{1}{2}$ per cent per
annum by March 31, 1967;

That pursuant to Vote No. 502 and Vote No. 655
of the Appropriation Act No. 5, 1958, and Order in Council
P.C. 1958-1422 dated October 16, 1958, a financial agreement
was entered into between the Government of Canada and the
Government of India, pursuant to which Canada undertook to
advance to India by payment to the Canadian Wheat Board on
India's behalf a sum not exceeding \$1,815,349.32 to permit
India to buy Canadian wheat and flour, and India undertook
to repay to Canada all such advances with interest at the
rate of 4 per cent per annum by December 31, 1967;

That pursuant to the said Agreements, the following
payments remain due and owing by India to Canada:

	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
March 31, 1966	3,454,378.67	293,622.19	3,748,000.86

- 2 -

That India is at present experiencing a severe shortage of foodstuffs and foreign exchange, and payment to Canada in accordance with the terms and conditions of the aforementioned agreements would appreciably add to the financial difficulties currently confronting India;

That it is considered expedient to amend at this time the agreement between Canada and India dated February 20, 1966, so that India will not be placed in default thereunder by postponing from March 31, 1966 to March 31, 1967, the date upon which the amount of \$3,748,000.86 is payable to Canada.

General on the

The Committee of the Privy Council have had
before them a report dated 28th March, 1966, from the
Minister of Transport, representing:

That the Management of Canadian National Railways
advise that in connection with the Vancouver Terminal Project
now being undertaken by the Canadian National Railway Company,
it is proposed to construct a new line of railway 3.13 miles
long, which includes a railway tunnel approximately 2 miles
in length and a railway bridge across the Second Narrows,
being an extension of the Burrard Subdivision between mile
4.80 Burrard Subdivision, and mile 151.68 Cascade Subdivision,
Great Northern Railway Company, as shown coloured red on
Railway Plan No. 4635-29, dated January 20, 1966, on record
in the Department of Transport, at an estimated cost to the
Railway of \$20,000,000;

That Mile 4.80 Burrard Subdivision, is the most westerly
extremity where addition right-of-way is required for the new
line. The most easterly extremity where the new line right-
of-way is required is the westerly road allowance of Willingdon
Avenue;

That it is pointed out that Canadian National Railway
trains operate over the Cascade Subdivision of the Great
Northern Railway between Fraser River Junction, mile 118.2,
Yale Subdivision and Vancouver Junction, mile 131.1, Yale
Subdivision. The Canadian National Yale Subdivision mileage
is carried through over the Great Northern between the above
two points for timetable purposes. Mileage 151.68 Cascade
Subdivision equals mileage 126.87, Yale Subdivision. This
mileage represents the connection of the new line with the
Great Northern Cascade Subdivision;

That the new line from the point of connection with
the Great Northern at mile 151.68 Great Northern Cascade Sub-
division, runs parallel to the Great Northern to Willingdon
Avenue, crosses Willingdon Avenue at grade, then starts to
descend into cut section approaching a tunnel, at the same
time diverging from the Great Northern and leaving its right-
of-way at station 10+60. The cut section becomes a combination
cut and retaining wall section from station 15+30 to the tunnel

- 2 -

portal at station 22+70. From this point the tunnel extends 11,190 feet (2.12 miles) to a point just south of the C.P.R. right-of-way along Burrard Inlet. There is a short section of rock cut, then a new bridge extending 2,231 feet over the Second Narrows and Burrard Inlet on a descending gradient. The north approach fill to the bridge descends on a curve, joining the alignment to the approach to the existing Second Narrows bridge where it passes under the highway bridge, but at an elevation 8 feet higher than at present. The grade revision continues on the existing alignment to Seymour Avenue, not open. The new Second Narrows bridge carries the proposed line over the C.P.R. tracks and right-of-way.

That the Minister of Transport, has sanctioned the location of the new line, aforesaid, as shown coloured red on said Railway Plan No. 4635-29.

The Committee, therefore, on the recommendation of the Minister of Transport, pursuant to section 22(1)(a) of the Canadian National Railways Act, advise that Your Excellency may be pleased to approve the construction, operation and maintenance by the Canadian National Railway Company of the said railway line on the said location.

It is also proposed to construct two set-off tracks adjacent to the proposed lead and having a combined length of approximately 6,200 feet, as well as a 32 track yard;

That the estimated cost to the Railway to construct all proposed trackage is \$1,325,000, including \$342,000 for constructing the said 20,810 foot lead track and two set-off tracks;

That it is also proposed to purchase approximately 311 acres of land adjacent to the proposed Ford plant for the said yard tracks, and approximately 30 acres to provide a 66 foot right-of-way for the industrial spur along with the additional right-of-way for the set-off tracks. Minister of Transport, representing:

That on March 11, 1941 the Department of Transport
expropriated certain lands from the St. Andrew's Presbyterian
Church of the City of Welland, being composed of part of Lot
60 and part of a strip or area of land between the former
westerly limits of the Welland Canal and the easterly limits
of Lots 60 and 61 all in Concession 5, Township of Crowland,
for the purposes of stabilization of the walls of the Welland
Canal in that location;

That the terms of settlement with the St. Andrew's
Presbyterian Church involved, amongst other things, the
granting of a twenty-one year lease to them of part of the
area expropriated for a nominal fee of \$1 per annum and the
assumption of a liability by His Majesty to construct and
maintain the anchor blocks and anchor rods in order to protect
the Church Hall from any damage arising as a result of the
stabilization program, the foundations of the Church Hall
being located on expropriated lands. A Deed of Easement from

Majesty the necessary right of access to so construct and
maintain the anchor blocks and anchor rods;

That by a further Order in Council dated the 21st
of October 1963, permission was given to the St. Lawrence
Seaway Authority to grant a new lease to St. Andrew's
Presbyterian Church for an area of 662 square feet on part
of which the Church Hall foundations are situated, for a
term of ten years renewable at an annual rental of \$15;

That upon presentation of the Lease as authorized by the Governor in Council, the Trustees of the Welland Presbyterian Church (also known as St. Andrew's Presbyterian Church in the City of Welland) successors to St. Andrew's Presbyterian Church, refused to sign the Lease and to make the annual payments on the ground that they should not be required to pay any more than \$1 per annum;

That some further investigation has indicated that the St. Lawrence Seaway Authority can properly dispose of a portion of the land involved without affecting the canal operation or maintenance;

That after some negotiation it has now been agreed that, subject to an Order in Council, Letters Patent could be granted to the Trustees of the Welland Presbyterian Church (also known as St. Andrew's Presbyterian Church in the City of Welland) for 123 square feet of land on which the foundation of the Church Hall is located, as shown on Plan W.C. 65-119 dated November 9, 1965 and deposited in the office of the Seaway Authority for the price and sum of \$60 subject to the right of the St. Lawrence Seaway Authority to maintain the anchor blocks and anchor rods constructed by His Majesty under the St. Andrew's Presbyterian Church as set out in a Deed of Easement from the Trustees of St. Andrew's Presbyterian Church to His Majesty the King, dated the 14th day of December, 1942, and recorded in the Department of the Secretary of State of Canada on the 18th day of March 1943, in Book 403, Folio 340, and bearing Department of Transport No. 34227 and the projection easterly of said anchor rods on the lands herein granted; and
